SERVICE,

Defendants.

Pursuant to the Court's February 11, 2009 Opinion and Order (Docket No. 175), notice is provided to the Court and the parties that the United States is hereby filing the Certification of Amended Administrative Record for EPA, along with the index for the record. The certification and index are attached hereto as Attachment A.^{1/}

Pursuant to Local Civil Rule 100.4(f), EPA's amended administrative record will not be filed using the Court's Electronic Case Filing system. Accordingly, notice also is provided that, on May 1, 2009, the United States is sending for filing with this Court two discs that contain EPA's amended administrative record. The United States also is sending a courtesy copy of each of those discs for Judge Haggerty's chambers. Copies of the discs also are being sent today

^{1/} The United States also is submitting today an unopposed motion for extension of time to submit updated logs of the documents excluded from EPA's record.

to counsel identified on the Certificate of Service.^{2/}

Respectfully submitted,

Civ. No. 05-1876-HA

CERTIFICATION OF
AMENDED
ADMINISTRATIVE RECORD
FOR EPA

The United States Environmental Protection Agency (“EPA”) certifies that the materials listed in the attached amended index constitute the administrative record for EPA’s action on March 2, 2004 to approve revisions to Oregon’s water quality standards, as follows:

1. EPA filed its administrative record index on June 7, 2006 (Docket No. 34), and filed a supplemental index and Log of Excluded Documents on March 21, 2008 (Docket No. 139), in compliance with the Court’s January 7, 2008 order (Docket No. 134).

2. In June, 2008, as part of the “meet and confer” process with Plaintiff, EPA agreed to add to its record 24 documents it had previously included on the Log of Excluded Documents that EPA filed on March 21, 2008.

3. In addition, as discussed in footnote 3 and the accompanying text of Federal Defendants’ Opposition to Plaintiff’s Motion to Complete Administrative Records (Docket No. 153), EPA subsequently determined to add an additional 16 documents to its record.

4. Finally, in compliance with the Court’s Opinion and Order dated February 11, 2009 (Docket No. 175), EPA has reconsidered its assertion of the deliberative process privilege with

respect to the documents listed on EPA's Log of Excluded Documents that was filed in connection with Federal Defendants' Opposition to Plaintiff's Motion to Complete Administrative Records. See Attachment 1 to Docket No. 161. EPA has determined that 58 of the documents listed on that log should be added to EPA's record, including the eight that the Court ordered released, and another 50 that EPA has determined would not be considered to be privileged based on the standards enunciated in the Court's February 11, 2009 Opinion and Order.

5. Accordingly, the record and index filed herewith includes: (1) the documents listed on the indices filed with the Court on June 7, 2006 and March 21, 2008; (2) the documents EPA determined to add to its record as discussed above in paragraphs 2 and 3; and (3) the 58 documents described above in paragraph 4.

In witness whereof, I have signed this statement on the 22nd day of April 2009, at Seattle, Washington.
